

\$40,000+
per year
in
savings!

**Reduce Labor Costs
and Improve Outcomes!**

SeroRepair worked with veterinarians on a cost analysis on the benefit of ready-to-use eye serum for treatment of companion animals and found some impressive savings by not having to process the patients own blood.

Assuming the average hourly opportunity cost for the clinic is \$250/hour, we concluded each veterinarian in a clinic would save a minimum of \$40,000 dollars in one year:

Cost Savings Analysis

Average Cases Per Week:	5
Minutes Saved Per Case:	40
Hours Saved Per/Week:	3.33
Avg Hourly Cost:	\$ 250.00
Total Cost Savings Per/Week:	\$ 833.00
Total Cost Savings Per/Month:	\$ 3,332.00
Total Cost Savings Per/Year	\$ 40,000.00
